

God is very merciful  
His love is never dull  
He provides for us in different ways  
And guides us all our days

For forty years He led them 'bout  
And the Promise Land He kept them out  
He fed them manna and gave them water  
But always they got grumpier

God came as a cloud  
The Israelites could not see Him, that was not allowed  
Jesus came as a person  
He told the people that He was God's Son

The high priests didn't want to believe  
They wanted Jesus to leave  
The priests said that what Jesus said was blasphemy  
And in the end He fulfilled a prophecy
